

MEDTRON'S cost-efficient MR solution

The Accutron[®] MR

Stay wireless!

Work cost-efficient!

Safe space!

**Now with
2 remote
controls**

MEDTRON's best cost-efficient solution for MR imaging departments

- (One injector can work alternatively with two remote controls, allowing operations in two different MR rooms
- (Each remote control can be personalized by allocating a different name
- (Our technical solution ensures that the injector only communicates with one remote control at a time
- (The communication is via Bluetooth
